C-Lock 56139X SERIES - NEMA 6-15P

SSEMCO

FEATURES

● Revolutionary cable securing C-Lock system prevents unintentional power disconnection.

● Standard NEMA 6-15 plug for conventional power outlets across North America.

● Hospital Grade NEMA 6-15 plug with green dot for medical equipments.

● Patented C19 C-Lock functions with C-Lock C20 inlets.

● Rated up to 15 amps.

● Various colors / lengths available.

TECHNICAL SPECIFICATIONS

SPECIFICATION	DESCRIPTION
Standard	UL 817/UL 498
High Potential Test Voltage	2000VAC (1min 50Hz)
Rating	UL/cUL : 10A/13A/15A 250VAC
Operation Temperature	-25°C ~ +70°C
Flammability Corresponding to	Plug: UL 94V-2 or better; Cable: UL VW-1
Cable Option	18AWG 3G SVT and SJT
	16AWG 3G SJT
	14AWG 3G SJT

COMMON APPLICATIONS

● **Data Centers**
● **Medical Devices**
● **Automation Industry**
● **Industrial Equipment**
● **Architectural Devices**
● **Broadcasting Stations**
● **Critical Power Management**
