

C-Lock 76X390 SERIES - NEMA Twist Lock 250V

SSEMCO

FEATURES

- Revolutionary cable securing C-Lock system prevents unintentional power disconnection.
- NEMA L6 series plugs are commonly used in data centers and different industries for 250V supply.
- Patented C19 C-Lock functions with C-Lock C20 inlets.
- Rated up to 30 amps.
- Various colors / lengths available.

TECHNICAL SPECIFICATIONS

SPECIFICATION	DESCRIPTION
Standard	UL 817
High Potential Test Voltage	2000VAC (1min 50Hz)
Rating	UL/cUL : 20~30A 250VAC
Operation Temperature	-25°C ~ +70°C
Flammability Corresponding to	Plug: UL 94V-2 or better; Cable: UL VW-1
Cable Option	14AWG 3G SJT 12AWG 3G SJT

COMMON APPLICATIONS

- Data Centers
- Medical Devices
- Automation Industry
- Industrial Equipment
- Architectural Devices
- Broadcasting Stations
- Critical Power Management
